

Embedded Codes & Standards™

Features

BuildingReports offers a range of unique web solutions to help service companies provide comprehensive safety, compliance and maintenance reports to clients more easily and efficiently.

Add codes and descriptions to enhance and support your inspection reports

Embedded Codes & Standards™ is a monthly subscription service that provides important validation for needed repairs, updates, or service requirements. BuildingReports has developed an automated library code reference for literally thousands of typical discrepancies encountered during a ScanSeries inspection. These discrepancies are linked to the latest edition of codes and standards from leading organizations such as the National Fire Protection Association, the Occupational Safety and Health Administration, and the National Institute of Occupational Safety and Health. This service provides an entirely new level of reporting for the fire protection industry, as well as those in property management responsible for building safety.

Codes and Standards Referenced

Reference	Code or Standard
NFPA 72®	National Fire Alarm Code®
NFPA 101®	Life Safety Code®
NFPA 10	Portable Fire Extinguishers
NFPA 13	Installation of Sprinkler Systems
NFPA 25	Inspection, Testing, and Maintenance of Water Based Fire Protection Systems
NFPA 110	Standard for Emergency and Standby Power Systems
NFPA 1962	Standard for the Inspection, Care, and Use of Fire Hoses
NFPA 2001	Clean Agent Fire Extinguishing Systems
OSHA 1910	Workplace Safety and Regulation

Stay Current Automatically

Keeps your codes and standards up to date and embedded into every discrepancy report. Inspection reports are automatically updated whenever the referenced code or standard is updated.

Saves Valuable Time

Automate the process of entering valuable code references to support your documentation by eliminating the need to manually cut and paste code references from online versions.

Provides Validation for Repairs

Users have immediate explanation for required repairs.

Informative

Provides the user with the reference materials needed to authorize repairs based on code requirements.

The BuildingReports Advantage

Now you can maximize efficiency, save money and reduce risk by managing critical inspection data with BuildingReports' detailed online reports. BuildingReports puts information at your fingertips. Just login to your secure account and review your report, authorize repairs, manage inventory and view inspections. Your information is accessible whenever and wherever you need it and immediately available to print for binder insertion when required.
